

Capt. Wendy Billiot - The Bayou Woman

BEYOND *the* BAYOU EXCURSIONS

Bird Watching Excursions take you to the heart of one of the most rapidly disappearing wetlands in the world, Theriot, Louisiana. Coastal Louisiana loses about 18 square miles of wetlands a year due to natural and man-made causes; *impacting all living things.*

Bird watchers will observe:

- How wetland loss negatively impacts habitat, resident and migratory bird species and populations
- Local & Wading birds
- Migratory Songbirds and Neotropical birds
- Birds of prey (eg. Bald Eagles, Osprey, Hawks)
- Brown and White Pelicans, seasonally
- Local Bird Guide available by request in migratory & mating seasons

Excursions include: a two-night stay at Camp Dularge, half-day boat trip into the wetlands and introduction to local culture & cuisine.

Rates: 4 participants - \$500 per person / 5 participants - \$400 per person / 6 participants - \$335 per person (For less than 4 participants, the entire weekend flat fee is \$2,000).

For more information, to book a trip, or to request a presentation for your group, please visit bayouwoman.com and call or email me directly. I look forward to hearing from you soon!

Through my book, Before the Saltwater Came, my wetland presentations and boat tours, I have educated thousands of people over the past 10 years about the culture - and challenges - of coastal Louisiana...and they all had a great time in the process!

~Capt. Wendy Billiot
